

The PRIDE 3 project follows the successful delivery of PRIDE & PRIDE 2 in 2016-19. As before around 15 European countries offer a number of pre-agreed ‘structured training courses’ (STC’s) to adult education staff from Grampus’s UK-based consortium of 15 partners involved in rural sustainability. PRIDE 2 embraces “Green Village” (an earlier “Leonardo da Vinci” project) principles of environmental, cultural, social and economic sustainability in the countryside

## **PRIDE "VINTAGE FASHION WEEK" – 3rd to 11th May 2021 - for teachers, trainers, consultants, disseminators (8 days)**

Lefkara Municipality and Kato Drys Community Council have worked with Grampus Heritage for 10 years now. Kato Drys were an original ‘Green Village’ partner, specializing in rural food, empowering communities and traditional handicrafts. The village of Kato Drys sits at 650 metres above sea level in the mountainous part of Larnaca District and has become known as a village with a sustainable future, with festivals, handicrafts, cookery and a buoyant community. Lefkara has been voted one of the thirty most beautiful places in the world. Both villages feature in the story of the world famous ‘Lefkara Lace’ (UNESCO Cultural Heritage at Risk); also, with the help of Grampus, both villages embark on a path to become art, craft and fashion villages.
