

The PRIDE 2 project follows the successful delivery of PRIDE in 2016-17. As before around 15 European countries offer a number of pre-agreed ‘structured training courses’ (STC’s) to adult education staff from Grampus’s UK-based consortium of 15 partners involved in rural sustainability. PRIDE 2 embraces “Green Village” (an earlier “Leonardo da Vinci” project) principles of environmental, cultural, social and economic sustainability in the countryside.

Slovenia - Geothermal water as energy sources and for production 1 – 7 June 2020 (6 spaces)

Itinerary:

- Visit of local orchids producer »Ocean orchids«
- Visit of local tomato producer »Lüšt«

- Pottery workshop at the local craft centre Veržej
- Visit of local sparkling wine producer Radgonske gorice
- Visits of cultural and historical sights

Grampus Heritage have worked with your host Mrs Erna Vöröš of the environmental and cultural NGO

*‘Logarica’
...since 2002.
They are
concerned with
sustainability
and as
University
teachers their
staff are well
aware of the
power of
education and
the transfer of
appropriate
technology.
Slovenia has
largely made the
shift from
subsistence /
peasant
agriculture to
industrialised*

farming but the numerous protected areas and extensive forests have saved some of the striking biodiversity

and the craft sector is still thriving as an important part of the local economy, catering to 'stylish Slovenes' as well as German, Austrian, Italian & Dutch visitors

Visits of cultural and historical sites include churches, museums, the bilingual region with the Hungarian minority, castles, the tri-border and other sights.

The programme can change due to weather conditions.

Placement Location: Prekmurje / Murska Sobota, the north-eastern part of Slovenia Slovenia
