

The PRIDE 2 project follows the successful delivery of PRIDE in 2016-17. As before around 15 European countries offer a number of pre-agreed ‘structured training courses’ (STC’s) to adult education staff from Grampus’s UK-based consortium of 15 partners involved in rural sustainability. PRIDE 3 embraces “Green Village” (an earlier “Leonardo da Vinci” project) principles of environmental, cultural, social and economic sustainability in the countryside.

Germany - Osprey & Cranes to Beaver - Wildlife watching & nature protection for red list species

placement dates: 3-10 August (6 spaces)

Program: The Dubenerheide region, including the Naturpark is well known for heath and wetland and proximity to the River Elbe. Over the years practical nature conservation works have secured populations of breeding cranes and ospreys, as well as European beaver. The latter cause some damage, which will be shown and assessed against the nature conservation benefits of natural wetland and the species as a landscape engineer

The group will visit watching points and habitats of beaver, Osprey and Crane and learn about how the Nature Reserve is managed. Wetlands and typical woodland and Biosphärenreservat (mittlere Elbe) will be visited as well. If time allows an excursion to Dresden and the Elbsandsteingebirge (Sandstone mountain range in Saxony) might be included too.

Accommodation: to be confirmed (Guesthouse B+B type)

Transport: most likely Minibus / the host will pick you up from Berlin airport

Host details: Zukunftswerkstadt Dübener Heide / Mr. Peter Kaiser

Flights:

Outbound Mon, 3 Aug 2020 Ryanair

12:10 MAN Manchester SXF

15:05 Berlin Schoenefeld

Return Mon, 10 Aug 2020 Ryanair

10:40 SXF Berlin Schoenefeld

11:45 MAN Manchester
